## What is a DSST Exam?

DSST Examinations (formally known as DANTES) are 38 examinations of different subjects. The American Council on Education (ACE) has evaluated and recommended these courses for students to gain academic credit at colleges for the knowledge earned in the workplace or other settings outside traditional higher education.

**Fees:** The current exam fee is \$80. Test centers may require an additional administrative fee.

### For Military Service Members

DSST exams are funded for **active-duty military and their spouses** at authorized National Test Centers that administer the Internet-based DSST exams.

**Veterans** are also eligible and may have already taken DSST exams while in service. If you have any question regarding these tests, please contact your Base Education Office.

## Where can I take it?

Crowder College will now be accepting 9 of these exams for college credit. However, Crowder is **not** a certified testing center. Students interested in taking these exams will need to schedule and take the exam at the nearest DSST testing center.

More testing center information and resources can be found below.
